All parents and students should read this handbook and retain it for future reference.

We encourage parents and students to contact us concerning any questions about the contents of this handbook, the school’s policies or the progress of any student. Our mission is to serve the students and community of National Trail to the best of our abilities.

We look forward to an exciting and prosperous year!

School Year 2019-2020

* Adopted by the Board of Education on May 28, 2019
* Student Code of Conduct (including Student Discipline Code) adopted by the Board of Education on May 28, 2019
NATIONAL TRAIL HIGH SCHOOL MISSION
The mission of National Trail High School is to provide a safe learning environment for students to focus on career and college readiness while learning to think, and function, in an ever-changing, technological world. Teachers will utilize a balance of traditional and innovative programs to prepare and develop lifelong learners and impart the value of a robust education and respect for academics. NTHS recognizes that all students are valued individuals with unique personal and academic needs with whom teachers need to model and share their expectations. Students attending NTHS will go through a total development of character and intellectual needs so that they learn understanding, compassion, and kindness; and become active and productive citizens. In short, NTHS’ staff and students strive to become problem solvers and decision makers who thrive in an academically challenging setting, and who all come together as a community of learners. Thus, National Trail High School not only lives up to, but embodies the district mantra of: Every student, every lesson, every day.

NATIONAL TRAIL ATTENDANCE POLICY
Attendance is an important factor in school performance and success. It is in the best interest of each student to maintain regular school attendance. Ohio school law requires school attendance of every person between the ages of 5 and 18 during each school day.

Rights
- Students have a right to know how the school defines and handles excused absences, unexcused absences and tardiness.
- Students have a right to ask that a penalty for an unexcused absence be reviewed.
- Students have a right to make up work they missed during an excused absence.
- Students have a right to attend field trips or school-sponsored activities without being penalized.

Responsibilities
- Students have a responsibility to attend all classes.
- Students have a responsibility to be on time for school and all classes.
- Students have a responsibility to ask their parents to notify the school when they are absent.
- Students have a responsibility to ask teachers for and to complete make-up assignments.
- Students have a responsibility to turn in assigned work on time while on field trips or school-sponsored activities.

ATTENDANCE DEFINITIONS
- A tardy is charged to students when they come to school late up until 85 minutes after the start of the school day.
- A one-half day absence is charged when they arrive more than 85 minutes late or leave more than 45 minutes early.
- A whole day absence is charged to students when they are not in attendance for at least 2 blocks.

TRUANCY/ABSENCE INTERVENTION MEETING
Parents and students may be asked to attend a monthly truancy/absence intervention meeting with National Trail High School and representatives from the Preble County Truancy Office to discuss their student’s absences from school.
PREBLE COUNTY ATTENDANCE POLICY

DEFINITION
As part of HB 410, effective at the start of the 2018-2019 school year, \textit{chronic truant} will no longer be used. \textit{Habitual truant} refers to a child of compulsory school age (6-18) who is absent from school without legitimate excuse for the following number of hours (RC 2151.011):

- 30 or more consecutive hours or
- 42 or more hours in one school month or
- 72 or more hours in a school year

EXCUSED ABSENCES
Students must be in school unless the absence has been excused for one of the reasons listed below. Parents are to notify the school before school begins on the day of the absence, to explain the nature of their child’s absence from school. You can report your child’s absence by calling the attendance secretary at 437-3333 to record the information. Each absence must be followed with a note upon the child’s return to school. The note needs to be given to the attendance secretary stationed in the office or commons area. If a note has not been received within two days of returning from absence, the absence will stand as unexcused. If you must leave school during the day, you must have permission from the principal’s office to sign out. All students are expected to make up class work missed during an absence. \textit{It's the students’ responsibility to meet with the teachers to collect their missing assignments. All students are expected to make up work missed during the absence.}

Students have one day to make up the work for each day absent plus one extra day. \textit{However, previously assigned work is due the day of return.}

LEGAL REASON FOR ABSENCES
1. Illness – The principal or designee may require the verification of the illness from a physician if deemed necessary.
2. Illness of an immediate family member.
3. Death in the family.
4. Religious holidays of the student’s faith.
5. Required court appearance or subpoena by law enforcement agency.
6. Scheduled doctor or dentist appointments.
7. Vacation – A note must be sent to the building principal for approval at least one week prior to the vacation. The principal may excuse such an absence for a period not to exceed five school days. Any days over five (5) may only be excused by the superintendent. A student may not miss more than 10 days for vacation during a school year. (All vacation days count towards the 10 day absence policy)

DOCUMENTATION OF ABSENCE/TARDY
Generally, ten (10) absences from school per school year for the reasons identified as “Excused Absences” \textit{may} be documented by a parent note. Absences in excess of ten (10) per school year \textit{may not} be excused by a parent and shall require documentation by the child’s physician, dentist, etc.

Steps for Handling Excused Absences per Preble County Attendance Policy
1. When a student has had 5 days of excused absences during the course of the school year the principal or his designee will make contact with the parents of the student by letter, phone or in person.
2. When a student has had 10 days of excused absences during the course of the school year, the principal will send a letter to the parents explaining the school’s concern about the number of absences. Any additional absences by the student, must be accompanied by a note from the doctor treating the student to be considered excused. The principal will provide the following information to the attendance officer: attendance records and dated correspondence or other type of parental contact after 5 days and 10 days absence. If a student is absent due to illness and is seen by a doctor, the parent is encouraged to send a doctor’s note with the child upon his return to school. This will ensure that the absence is not counted toward the ten-day limit.

**UNEXCUSED ABSENCES**

If absences are not excused as defined in the previous section, the absences are considered unexcused. Students who have an unexcused absence will receive a grade of zero for instructional activities for which a grade is given. A student may make up the work missed but may only receive a maximum of 59%.

**Steps For Handling Unexcused Absences Per Preble County Attendance Policy**

1. When a student has three **first unexcused absence** the principal or designee will contact the parents either by phone, letter or in person. It will state in the letter that any further unexcused absences will result in a legal notice being sent.
2. When a student has a **second unexcused absence** the principal will contact the Preble County attendance officer. The attendance officer will then contact the parents, issue a legal notice and outline the procedures to occur if there are additional absences.
3. If a student has a **third unexcused absence** the principal will forward this information to the attendance officer. Upon receipt of this information the attendance officer will initiate court action against the student and the parents.
4. Further unexcused absences will result in additional court action.

**LOSS OF CREDIT DUE TO POOR ATTENDANCE**

Students absent **more than** (4) four days of school per quarter will receive a grade of “F”=59% in **ALL CLASSES** for the nine -week grading period, only if the students quarterly percentage is greater than 59%. If the grade is less than 59%, the student will receive the lower percentage for a grade. Days missed for court-ordered appearances, doctor’s visits, bereavement (within the immediate family), field trips and school-sponsored activities will **not** count toward the four (4) day limit. **Out-of-school suspensions will count toward the four (4) day limit.** A student may make up the credit by attending an “Extended Detention,” or time as assigned by the principal. A student must attend one day of Extended Detention (or its equivalent) for each half-day absence in excess of four (4) days. If a student is on extended detention for attendance purposes, they cannot go on any field trips. Students over the 4 day limit may appeal any days missed. The appeal must be made in writing within 5 school days of the end of the 9 weeks in question.

**ATTENDANCE NOTIFICATION**

Requires the District to notify the County Attendance Officer in the event the student is absent **with or without** legitimate excuse for 38 or more hours in one school month or 65 hours in a school year. The County Attendance Officer will also notify a student's parent, guardian, or custodian regarding the absences.

Requires a school district or school to (1) make at least three meaningful, good faith attempts to secure participation of the student's parent within a specified time period and (2) investigate
whether failure to respond to those attempts triggers mandatory reporting to child protective services.

With specified exceptions, requires a complaint to be filed in juvenile court against a student (and against any person who fails to cause the child's attendance at school) on the 61st day after the implementation of an absence intervention plan, provided that the school district made meaningful attempts to reengage the student and the student refused to participate or failed to make satisfactory progress.

Absence intervention team
Within ten days after the absences of a student surpass the threshold for an habitual truant, the act requires a school principal or chief administrator or the district superintendent to assign the student to an absence intervention team. Within 14 school days after the assignment, the team must develop an intervention plan for that student in an effort to reduce or eliminate further absences.

Members of the Absence Intervention Team
Membership of each team may vary based on the needs of each individual student, but must include:

A representative from the child's school district or school

Another representative from the child's school district or school who knows the child, and

The child's parent (or parent's designee), or the child's guardian, custodian, guardian ad litem, or temporary custodian.

The team also may include a school psychologist, counselor, or social worker, or a representative of a public or nonprofit agency designed to assist students and families in reducing absences.

TARDY TO SCHOOL OR CLASS
If a student is not in his assigned room when school begins at 7:30 am, or the tardy bell rings before each class, he/she will be considered tardy. If a student is tardy to school, he/she must report to the office for a pass to class. Students may have two unexcused tardies to school/class before a consequence is assigned.

Steps For Handling Unexcused Tardies per Semester:
1. Third unexcused tardy One detention
2. Fifth unexcused tardy Two Detentions
3. Any additional tardy Principal’s Discretion

**ATHLETIC ELIGIBILITY**

A. All eligibility guidelines established by the OHSAA and the National Trail Local School District are to be strictly enforced

B. OHSAA Guidelines:

1. All beginning seventh graders are eligible insofar as the scholarship bylaw.
2. All beginning ninth graders must have passed a minimum of 5 courses taken in the last grading period of the eighth grade.
3. Eligibility for each grading period is determined by grades received the preceding grading period. **Semester and Yearly grades have no effect on eligibility.**
4. **Grades 9-12:** To be eligible, a student must be currently enrolled in a member school and have received passing grades in a minimum of five one-credit courses, or the equivalent, in the preceding grading period. All students in grades 9-12 must attain a minimum grade point average of **1.4** during the preceding grading period
C. A student who is ineligible and becomes eligible does not qualify for participation until classes commence for the next grading period (except in the fall-OHSAA Bylaw 4-4-3).

D. A student is eligible and becomes ineligible is not denied participation until classes commence for the next grading period (except in the fall-OHSAA Bylaw 4-4-3).
   1. At each quarter mid-term point, students' eligibility will be checked. Students failing two or more classes become ineligible and will remain ineligible until the student provides teacher verification that grades are above the criteria. They will be reinstated immediately. Students who are ineligible during this time, will be unable to participate in a game until they are declared eligible by the Athletic Director (Athletes are expected to practice but not play in games).

E. The eligibility of a transfer student does not begin until school records or verification from the sending school is received. If the grades are below a 1.4 for the grading quarter prior to transferring, the student is ineligible.

F. The National Trail Board of Education has implemented the following eligibility standards for participation in extracurricular activities:
   1. A high school grade point average of 1.4 must be maintained each quarter of eligibility. A student must maintain the required grade average for each grading period. This procedure used to calculate the average will be the same as that used to determine the school honor role.

G. The athletic director will issue written notification of a GPA lower than the standard.

H. If an athlete is denied participation for any reason (academic or Discipline), he/she may continue to practice only with the approval of the head coach, athletic director, and the building principal. The athlete may not dress for competition during this period of denial of participation.

I. Student grades are final as of 2:30 pm on the Monday following the last day of the grading period unless approved by the building principal. The only way a student will receive a grade change for eligibility purposes is if a student’s grade is listed as Incomplete due to absences or other extenuating circumstances.

**GRADE SCALE**

A student must meet all requirements of the school district and teacher before any course of study can be considered passed. The following system must be used in determining the student’s grade.

Principal’s List - GPA of 3.333 and above and no more than one C
Superintendent’s List - GPA of 3.750 and above and no grade below a B
NATIONAL HONOR SOCIETY
Selection: Membership in NHS is not a right, rather it is an honor bestowed upon a student because he or she has demonstrated qualities of excellence in the areas of scholarship, leadership, service and character. A qualifying GPA of 3.5 is needed to be considered. Students who qualify will have the opportunity to fill out an application that documents leadership, service and character. The application form must be turned in by the deadline for consideration.

The faculty and administration consider all qualified students on the following criteria:

- Integrity – No recorded incidents of cheating or intentional dishonesty
- Positive Behavior – No record of skipping classes or of knowingly violating school regulations and no record of civil offenses within the community.
- Cooperation – Willingness to assist classmates, faculty members and administration.
- Ethics – Effort to do the “right thing” at all times.

Once the forms have been completed, they are given to the faculty committee for review. The faculty committee then meets and picks the students for membership. All students who submit informational forms will be notified of selection or non-selection. The faculty committee is under no obligation to reveal information concerning non-selection.

Once becoming a member, each student is periodically reviewed to assure that he/she maintains the NHS standards. As a member of the NHS, each student will be required to participate in service projects throughout the year. When a chapter finds that one of its members has either fallen below the standards by which the member was selected, violated school rules or the law, or has failed to meet one or more of the established obligations of membership, it may be necessary to pursue disciplining the member.

PARTICIPATION IN GRADUATION
Participation in Graduation ceremony is a privilege not a right. Students who violate the student code of conduct may not be allowed to participate in the graduation ceremony. No Student may participate in graduation until all graduation requirements are met and all school fees are paid. Graduation practice is mandatory. No one may participate in graduation that does not attend practice. Seniors who leave National Trail High School during the 4th grading period of their senior year to attend the Preble County Night School or Daytime Alternative School may forfeit their ability to participate in the graduation ceremony.

VALEDICTORIAN AND SALUTATORIAN REQUIREMENTS
Calculations to determine valedictorian and salutatorian occur at the completion of all senior exams of their graduation year. The Valedictorian and Salutatorian will be officially named once grades and final grade calculations have been entered by the teaching staff. The Valedictorian and Salutatorian will be selected utilizing a student’s weighted grade point average (GPA). If there is more than one valedictorian, no salutatorian will be named.
NATIONAL TRAIL LOCAL SCHOOLS CODE OF CONDUCT  
May 28, 2019

Rights
Students have the right to be treated with respect.

Students have the right to a safe and orderly school.

Responsibilities
Students have the responsibility to treat others with respect.

Students have the responsibility to respect the rights of others.

Students have the responsibility to treat school property and others with respect and to act in a way that does not interfere with the rights of others and is not harmful to the health and safety of others.

The faculty and staff of the National Trail Local Schools are committed to providing each student with a quality educational opportunity. In order to successfully provide a positive learning atmosphere, student discipline must be established and maintained.

This Code of Conduct has been established to ensure that an environment conducive to learning can take place. These policies pertain to conduct on school grounds, which occur during, before, or after school hours. It shall also apply to any conduct occurring on buses, which are in route to or from school or to/from any other school sponsored event. The student must also comply with the code of conduct while off district school grounds at any school-sanctioned activities, functions or events (ex: away contests or school events).

Any misconduct by a student that, regardless of where it occurs, is directed at a district official or employee or the property of a district official or employee is a violation of the code of conduct.

We expect that all students be well behaved and represent National Trail Schools both on and off of campus. The following discipline code is in place to teach or train students to be accountable for their own conduct and to provide an appropriate learning atmosphere.

We have developed this code with the help of students, parents, teachers, administrators, and members of the Board of Education as well as law enforcement authorities. If you have questions about this code or the way it applies to any situation, please contact one of your child’s teachers or the principal.

DISCIPLINARY ACTIONS
Violations of any one or more of the rules while a student is on school grounds, at school activities and events, or on school-provided transportation, may result in disciplinary action. Disciplinary actions are discretionary to the building administrators.

Some of the disciplinary actions that may be used are:
Teacher-student conference
Counselor-student conference
Teacher-parent conference
Principal-student/parent conference
Detention (after school)

Short Term Day Time Alternative
Restitution
Court referral
Loss of extra-curricular activities
Extended Detention
Referral to the office                      In-School Detention
Emergency removal from class or school    Expulsion from school
Suspension from school (up to 10 days)     Alternatives deemed appropriate to the situation

The following is a list of major areas that could result in disciplinary action. This list is to be used as a guideline only and is not exhaustive of all misbehavior that could be addressed by the administration.

Students are to park in designated areas only.

**Rule 20 - VIOLATION OF SCHOOL RULES**

A student shall not violate the Student Code of Conduct or other rules that are established for the efficient operation of the school. A student who violates a combination of rules above may be subject to more severe consequences.
Violation of any of the following will result in an out of school suspension with a possible recommendation for expulsion:

**Rule 21 - DANGEROUS WEAPONS AND INSTRUMENTS**
Any student who possesses, handles, conceals, transmits, transports, or uses any item, weapon or instrument capable of harming another person on school property (includes but is not limited to: brass knuckles, knives, fireworks, smoke bombs, explosive devices, incendiary, or poisonous product, or firearms) will be referred to law enforcement officials. Students and/or their families may face criminal prosecution and be liable for up to a $10,000.00 fine.

**SEARCH OF STUDENTS AND STUDENT’S POSSESSIONS**
When a school administrator has a reasonable suspicion to believe that a student is in possession of, or has within easy access, any form of drugs, drug paraphernalia, weapons, fireworks, alcoholic beverages, tobacco products, or any alleged stolen property, contraband or items which could cause a disturbance or which may endanger the safety of the student or any other person, a search of the student, her/his locker, desk, gym bag, car, etc. may be conducted.

A student shall not refuse a search or impede a search of her/his person, including without limitation, his or her backpack, electronic devices, purse, locker, gym bag, car, or desk. Refusal to be searched or impeding a search will result in the behavior being classified as insubordination. Local law enforcement authorities may be called upon to assist in a search. Upon completion of any search, parents will be notified of the search and the results thereof.

**DETENTION GUIDELINES**
Detentions may be assigned to students as a consequence for misbehavior. Any school employee who is responsible for the supervision of students may recommend an afterschool detention. After school detentions assigned for misbehavior are served in the assigned room on the assigned date from 2:35 to 3:30 pm. Detention is held Mondays and Thursdays.

If a student skips a detention they will receive the following consequences:
**First Offense:** 2.5 hours extended detention after school (2:35 – 5:00 pm). If the extended detention is skipped, the student will be assigned a 3 or 5 hour Saturday School. If the 3 or 5 hour Saturday School is skipped, the next set of consequences will be Principal’s discretion.

Students are required to bring schoolwork with them to work on during detention. At no time are
students permitted to put their heads down or sleep during this obligation. A silent study atmosphere will be maintained at all times. Students are not permitted to eat or drink during detention and will not be permitted to use the restroom during this time. No one will be excused from the detention room during the detention period.

If a student is late to detention, does not bring appropriate materials or misbehaves, he/she will be assigned an additional consequence. It is the student’s and the parent’s responsibility to arrange transportation home immediately after detention. **NO BUS PASSES WILL BE ISSUED FOR DETENTION STUDENTS.**

Detentions may only be reassigned in cases of family emergency and should be arranged in advance with the principal. **Lack of transportation, job responsibilities and extra-curricular activities are not satisfactory excuses for absence.**

**Students who do not attend their originally assigned after school punishment (unless absent from school) will not be permitted to participate in extra-curricular activities until the punishment has been served.**

**EXTENDED DETENTION GUIDELINES**

An extended detention may be assigned to students as a consequence for misbehavior. The building principal will assign extended detentions. Extended detentions will be served from 2:35 to 5:00 pm. Students are required to bring schoolwork with them to work on during extended detention. A silent atmosphere will be maintained at all times. Students are not permitted to eat or drink and will be permitted to use the restroom once during this time.

A three hour or five hour Saturday School may be assigned to students as a consequence for misbehavior. The building principal or Dean of Students will assign Saturday School. Saturday School will begin at 7:30 am to 10:30 am (3 hours) or from 7:30 am to 12:30 pm (5 hours) Students are required to bring schoolwork with them to work on during Saturday School. A silent atmosphere will be maintained at all times. Students are not permitted to eat or drink and will be permitted to use the restroom once during this time.

If a student arrives after 7:35 am, does not bring appropriate materials or misbehaves, he/she will be assigned an additional consequence and may be suspended. It is the student’s and the parent’s responsibility to arrange transportation home after Saturday School.

**EMERGENCY REMOVAL**

The Ohio General Assembly provided that the notice and hearing requirements can be temporarily waived in an emergency when the student's presence "poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process."

1. Any building administrator may remove the student from curricular or extracurricular activities or from the school premises.
2. A school employee may remove the pupil from curricular or extra-curricular activities under his/her supervision.
3. When a student is removed under an "emergency removal", an informal hearing, following the procedures for suspension, must be held within seventy-two (72) hours after the initial removal occurs.
a. Written notice of the hearing must be given to the pupil.
b. The hearing must be held in accordance with the suspension or expulsion procedures depending on the probable action to be taken.
c. The person who ordered, caused, or requested the hearing must be present at the hearing.

**SUSPENSION AND EXPULSION**

According to provisions of the law, school administrators may suspend, and superintendents may expel a student from school for serious misconduct, which affects the welfare of the school, for flagrant violation of school rules, or repeated offenses of misconduct.

Suspensions may be for up to ten (10) days. The administrator may also recommend expulsion (for a period of time exceeding ten (10) days) to the superintendent at the time a student is suspended. Major offenses, which may be reasons for suspensions or expulsions are listed in the Student Code of Conduct.

1. Students must be informed in writing of the intention to suspend with the specific charges listed.
2. The student must have the opportunity for an informal hearing:
   a. Student is afforded an opportunity to provide her/his version of the incident
   b. Must be permitted to review the allegations
3. The parent/guardian, the superintendent and the treasurer of the Board of Education shall be notified in writing within twenty-four (24) hours of the suspension (ORC 3313.66) of the specific charges of the suspension.
4. Parent/guardian must be notified in writing of his/her right to appeal to the superintendent (the Board of Education designee).
5. Parent/guardian must be notified of the student's leaving school if the suspension starts before the end of the school day.
6. Students are encouraged to obtain their assignments and complete their work during suspensions. **Parents/students are encouraged to contact the teacher by email or phone in order to obtain assignments from their child’s teachers when suspension occurs.** Since the introduction of HB 410 in December 2016, students who are suspended are allowed to make up all classwork while suspended for full credit. Upon the first day back from suspension, it is the student’s responsibility to turn in ALL work for credit.

**APEAL OF DECISION TO SUSPEND AND/OR EXPEL**

If a student does not agree with the Principal's decision to suspend, the student and/or the student's parents may appeal the decision to the Superintendent. If a student and/or the student's parents do not agree with a Superintendent's decision to expel, the student and/or the student's parents may appeal the decision to the Board of Education.

Students may also be assigned to the **Short Term Day Time Alternative School Program** (Formally the PASS PROGRAM) in lieu of suspension. This program is housed at the Alternative School in Eaton and parents are responsible for transportation.

**HAZING POLICY**

Hazing is defined as doing any act or coercing another, including the victim, to do any act of intimidation unto any student or organization that causes or creates a substantial risk of causing mental or physical harm to any person. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

Hazing activities of any type are inconsistent with the educational process and are prohibited at all times. No administrator, faculty member, or other employee of the District shall encourage, permit or tolerate any hazing activities. No student may plan, encourage, or engage in any hazing.
Administrators, faculty members, and all other District employees are particularly alert to possible conditions, circumstances or events, which might include hazing. If hazing or planned hazing is discovered, involved students are informed by the discovering school employee of the violation of this policy and are required to end all hazing activities immediately. All hazing incidents are reported immediately to the administration.

Administrators, faculty members, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with Ohio law.

**HARASSMENT, INTIMIDATION, OR BULLYING (Board Policy JFCF-R)**

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes both mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices or electronic means, are inconsistent with the educational process and are prohibited at all times. The District educates minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the Superintendent/designee and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written report of all verified incidents of hazing and/or bullying and post the report on the District’s website.
The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students and by November 30 annually reports to the Ohio Department of Education compliance with this requirement through the consolidated school mandate report. If the District reports noncompliance the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action for accurately and efficiently addressing the problem. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

[Re-adoption date: January 10, 2019]

**HARASSMENT, INTIMIDATION, OR BULLYING (Board Policy JFCF-R)**

The prohibition against hazing, dating violence, harassment, intimidation or bullying is publicized in student handbooks and in the publications that set the standard of conduct for schools and students in the District. In addition, information regarding the policy is incorporated into employee handbooks and training materials.

School Personnel Responsibilities and Complaint Procedures

Hazing, bullying behavior and/or dating violence by any student/school personnel in the District is strictly prohibited, and such conduct may result in disciplinary action, up to and including suspension and/or expulsion from school. Hazing, bullying and/or dating violence means any intentional written, verbal, graphic or physical acts, including electronically transmitted acts, either overt or covert, by a student or group of students toward other students/school personnel with the intent to haze, harass, intimidate, injure, threaten, ridicule or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity; in any District publication; through the use of any District-owned or operated communication tools, including but not limited to District email accounts and/or computers; on school-provided transportation or at any official school bus stop.

Hazing, bullying and/or dating violence can include many different behaviors. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:

1. physical violence and/or attacks;
2. threats, taunts and intimidation through words and/or gestures;
3. extortion, damage or stealing of money and/or possessions;
4. exclusion from the peer group or spreading rumors;
5. repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other Web-based/online sites (also known as “cyberbullying”), such as the following:
   a. posting slurs on websites, social networking sites, blogs or personal online journals;
   b. sending abusive or threatening emails, website postings or comments and instant messages;
   c. using camera phones to take embarrassing photographs or videos of students and/or distributing or posting the photos or videos online and
d. using websites, social networking sites, blogs or personal online journals, emails or instant messages to circulate gossip and rumors to other students.

6. excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

In evaluating whether conduct constitutes hazing or bullying, special attention is paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim and the motivation, either admitted or appropriately inferred.

Teachers and Other School Staff
Teachers and other school staff who witness acts of hazing, bullying and/or dating violence, as defined above, promptly notify the building principal/designee of the event observed, and promptly file a written incident report concerning the events witnessed.

Teachers and other school staff who receive student or parent reports of suspected hazing, bullying and/or dating violence promptly notify the building principal/designee of such report(s). If the report is a formal, written complaint, the complaint is forwarded to the building principal/designee no later than the next school day. If the report is an informal complaint by a student that is received by a teacher or other professional employee, he/she prepares a written report of the informal complaint that is forwarded to the building principal/designee no later than the next school day.

Complaints
1. Formal Complaints

Students and/or their parents or guardians may file reports regarding suspected hazing, harassment, intimidation, bullying and/or dating violence. The reports should be written. Such written reports must be reasonably specific including person(s) involved; number of times and places of the alleged conduct; the target of suspected harassment, intimidation and/or bullying and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator. They are promptly forwarded to the building principal/designee for review and action.

2. Informal Complaints

Students, parents or guardians and school personnel may make informal complaints of conduct that they consider to be harassment, intimidation and/or bullying by verbal report to a teacher, school administrator or other school personnel. Such informal complaints must be reasonably specific as to the actions giving rise to the suspicion of hazing, harassment, intimidation and/or bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s) and the names of any potential student or staff witness. The school staff member or administrator who receives the informal complaint promptly documents the complaint in writing, including the above information. This written report by the school staff member and/or administrator is promptly forwarded to the building principal/designee for review and action.

3. Anonymous Complaints

Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous complaint is reviewed and reasonable action is taken to address the situation, to the extent such action (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of hazing, bullying and/or dating violence.

4. False Complaints
Students are prohibited from deliberately making false complaints of harassment, intimidation or bullying. Students found responsible for deliberately making false reports of harassment, intimidation or bullying may be subject to a full range of disciplinary consequences.

Intervention Strategies

1. Teachers and Other School Staff

In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issue of hazing, bullying and/or dating violence in other interactions with students. School personnel may find opportunities to educate students about harassment, hazing, intimidation and bullying and help eliminate such prohibited behaviors through class discussions, counseling and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating or intimidating another student/school personnel, even if such conduct does not meet the formal definition of harassment, hazing, intimidation or bullying.

2. Administrator Responsibilities
   A. Investigation

   The principal/designee is notified of any formal or informal complaint of suspected harassment, hazing, intimidation or bullying. Under the direction of the building principal/designee, all such complaints are investigated promptly. A written report of the investigation is prepared when the investigation is complete. The report includes findings of fact, a determination of whether acts of hazing, bullying and/or dating violence were verified, and when prohibited acts are verified, a recommendation for intervention, including disciplinary action, is included in the report. Where appropriate, written witness statements are attached to the report.

   Notwithstanding the foregoing, when a student making an informal complaint has requested anonymity, the investigation of such complaint is limited as is appropriate in view of the anonymity of the complaint. Such limitation of the investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

   When hazing and/or bullying is based on race, color, national origin, sex, or disability, and the behavior creates a hostile environment, the hazing and bullying investigation is suspended while the applicable nondiscrimination grievance procedures are implemented.

   B. Nondisciplinary Interventions

   When verified acts of hazing, bullying and/or dating violence are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of the behavior, its prohibition and their duty to avoid any conduct that could be considered harassing, hazing, intimidating and/or bullying.

   If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring some cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim’s communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

   C. Disciplinary Interventions
When acts of harassment, intimidation and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, cannot provide the basis for disciplinary action.

In and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation. Expulsion may be imposed only after a hearing before the Board, a committee of the Board or an impartial hearing officer designated by the Board in accordance with Board policy. This consequence is reserved for serious incidents of harassment, intimidation or bullying and/or when past interventions have not been successful in eliminating prohibited behaviors.

Allegations of criminal misconduct are reported to law enforcement, and suspected child abuse is reported to Child Protective Services, per required time lines.

**Report to the Custodial Parent or Guardian of the Perpetrator**
If, after investigation, acts of harassment, intimidation and bullying by a specific student are verified, the building principal/designee notifies the custodial parent or guardian of the perpetrator, in writing, of that finding. If disciplinary consequences are imposed against such student, a description of such discipline is included in such notification.

Strategies are developed and implemented to protect students from new or additional harassment, intimidation or bullying, and from retaliation following reporting of incidents.

**Reports to the Victim and His/Her Custodial Parent or Guardian**
If, after investigation, acts of bullying or hazing against a specific student are verified, the building principal/designee notifies the custodial parent/guardian of the victim of the finding.
In providing such notification, care must be taken to respect the statutory privacy rights of the perpetrator.

Bullying matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible. Although discipline may be imposed against the accused upon a finding of guilt, retaliation is prohibited.

School administrators shall notify both the custodial parents or guardians of a student who commits acts of harassment, intimidation, bullying and/or dating violence and the custodial parents or guardians of students against whom such acts were committed, and shall allow access to any written reports pertaining to the incident, to the extent permitted by law.

**Police and Child Protective Services**
In addition to, or instead of, filing a complaint through this policy, a complainant may choose to exercise other options including, but not limited to, filing a complaint with outside agencies or filing a private lawsuit. Nothing prohibits a complainant from seeking redress under any other provision of State law or common law that may apply.

The District must also investigate incidents of hazing, bullying and/or dating violence for the purpose of determining whether there has been a violation of District policy or regulations, even if law enforcement and/or the public children’s services are also investigating. All District personnel must cooperate with investigations by outside agencies.

PROPER DRESS AND APPEARANCE

Rights
Students have a right to wear clothes of their choice as long as those clothes are appropriate for school, are not dangerous to health and safety, and do not distract or offend others.

Responsibilities
Students have a responsibility to dress neatly, appropriately and be clean and well groomed.

The dress code provisions listed below are not meant to keep students from expressing themselves, but to teach proper attire in a given situation and to permit the proper management and control of the learning atmosphere for the student body. All students are expected to dress in a manner which will not bring undue attention to himself or herself.

School dress standards will be in effect for all school days and school related activities unless prior approval is granted. Any clothing or dress style that distracts or disrupts the normal learning atmosphere in the classroom will not be permitted.

Specific provisions are as follows:

1. Hair must be clean, neat, well-groomed so as not to create a health or safety hazard. All students should observe good health and grooming habits.

2. Clothing must be clean, well-fitting and in good taste. Clothing must be free of significant tears and NO holes above the knee.

3. Dresses, skirts and shorts shall be no shorter than 5 inches above the kneecap.

4. Shirts or tops will be long enough to tuck into pants and will have an appropriate neckline. Shirts or tops that reveal portions of the waistline, torso, or chest area are not appropriate. Tank tops, tops with spaghetti straps nor transparent garments, open mesh garments or garments with large open sides may be worn without an appropriate underliner. Trench coats are not allowed to be worn.

5. Clothing or personal possessions containing messages that are offensive/obscene, sexually suggestive or make reference to violence, illegal drugs, and alcohol or tobacco products are not permitted.

6. Students will be asked to remove any body piercing, which creates any physical safety concerns.

7. Students are not to wear hats, hoods, or bandanas between the hours of 7:20a and 2:30p unless approved by the Principal or Dean of Students.

8. Chain wallets and studded jewelry are not permitted.

9. Shoes must be worn at all times and must not present a safety hazard.

The responsibility of enforcing the dress code belongs to all students, parents, and faculty members, but ultimately belongs to the principal. In questionable situations, the administration will have the right to decide what is acceptable and unacceptable dress or appearance. The code is subject to immediate review and change at any time by the National Trail Local Board of Education.
GENERAL SCHOOLS RULES AND PROCEDURES

ADULT STUDENT POLICY
Students 18 years or older are faced with a number of differing decisions than students who are considered minors under law. You are allowed to attend school tuition-free until you are 21 years of age. This offers you a chance to complete your high school education under a normal school program. The following are representative guidelines for adult students:
1. The rules and procedures for the normal school operation apply to you.
2. Since you are an adult your attendance is no longer a legal necessity, but instead it is a privilege granted to you by this community and the Board of Education. It is for this reason that you should clearly understand that tardiness, absences, and improper behavior will be handled severely. **If attendance becomes an issue you may be subject to being withdrawn as an 18 year old with poor attendance.**

BLENDED LEARNING
NTLS has a 1:1 Laptop program for students in an effort to embrace 21st Century Skills. Students will be utilizing laptops in the classrooms and after returning the required agreement, they will be allowed to take their designated laptop home to continue school work. Laptop use will be monitored by building level administration as well as district level administration to gauge the use and effectiveness in the classroom. **Laptops are school district owned devices and the contents on the Laptop can be viewed at any time.** Students are expected to have their laptop with them, fully charged, every school day. Students are charged a yearly fee of $30.00 for the use of a student laptop.

Families may elect to supply their own laptop in instead of using the school supplied one. Personal laptops fall under the same guidance as school owned ones. Laptops must be charged and available every school day and discipline for not having a BYOL is the same as a school supplied device. **Students must be able to install applications/programs as directed by teachers to complete assignments.**

Students will **NOT:**
- Modify the laptop in any way other than instructed by the administrator or other school personnel.
- Apply marks, stickers, or other decoration to supplied laptop.
- Exchange laptops with any other student.
- Clear or disable browsing history on the device.
- Disable the Laptop or its applications.
- Possess pornography of any kind on the laptop
- Possess illegal (boot-leg/pirated) copies of movies or music on the laptop
- Violate any rules set forth in the NTLS Acceptable Use Agreement

Using the Laptop

- Keep the laptop away from food and drink.
- Charge the laptop only with the included charger and using a standard wall outlet for your power source.
- Have the laptop fully charged and ready for use during the school day.
- Keep the laptop in a well-protected temperature controlled environment when not in use.
- Do not leave the laptop in a vehicle or location that is not temperature controlled.
- Laptop must be kept in school issued case at all times
Proper care of laptops through the school year and returning at the end of the school year with all accessories are the responsibility of the student. Students not returning their laptop will be assessed the value of a replacement added to their school fees. Students must carry their laptops with them at all times during the school year. Students who may not be able to financially replace items will have to work it off by working with Mr. Pool after school.

**Cost of Replacement/Repairs**
- Lost or beyond repair Laptop: $300.00
- Damaged / Lost Power Supply: $35.00
- Damaged / Lost Case: $45.00

Transportation should be regarded as a privilege by students and parents. All school rules apply when students are being transported by a National Trail bus. It is expected that those who ride the school buses will observe classroom conduct at all times. **All passengers must exercise these responsibilities.** Any misbehavior which distracts the driver is a very serious hazard to the safe operation of the vehicle, and, jeopardizes the safety of all passengers.

Consequences can include but not be limited to the following: Student warning issued by driver; parent notification by driver and/or school staff, assigned designated seat, and/or discipline report to principal which may result in bus and/or school suspension. Students will be assigned seats at the driver’s or administration’s discretion.

Students are only permitted to ride their assigned bus to and from school. Exceptions to this rule will only be made by the building administrator and/or director of transportation.

Students who stay after school for academic reasons may be provided with a bus pass from that specific teacher. Students staying afterschool for detention must provide their own transportation.

Students shall not consume food in classrooms, hallways, and/or restrooms. Students may not have food delivered to school nor lunch guests during the school day. Students are expected to be on time to lunch and to show proper manners at all times. Students are expected to clean their area/table when finished. Students are not allowed to leave the cafeteria without the permission of a Lunchroom Supervisor.

COLLEGE VISITS
Junior and senior students may take 2 school days for college visits per year. The appropriate paper work must be approved at least one week before the college day is taken.   • One day driving permits may be applied for in the principal's office. Students may apply before or after school and during lunch on the day the permit is to be used. After school on the day the permit was valid, the permit must be turned back into the office. Failure to do this will result in no further one day permits for the individual.
Driving to National Trail High School is a privilege, not a right
- All student drivers will exhibit a valid National Trail parking permit.
- All student drivers will park in their assigned area which is in the student parking lot South of the high school building.
- All student drivers will drive in a responsible (not reckless) manner. If the student drivers are seen driving recklessly (i.e. peeling out, excessive speed, etc.) or driving in unauthorized areas their driving privileges will be suspended.

E-DAYS
An e-day is an electronic make up day as a means for making up calamity days once days 6, 7 and 8 have been cancelled due to inclement weather. Teachers will post lessons to their class Moodle page and students will complete those lessons. Consideration will be given for students who do NOT have internet access from home. A paper copy, or comparable assignment, will be given upon the date of return to school if requested. Students will have 14 calendar days from the date of assigned eDay to submit e-day lessons. This assignment will be evaluated by your student's teacher. Failure to complete ALL eDay work will result in the student being given an unexcused absence from school for that day.

FEES
Student fees are collected to help pay for consumable supplies purchased by the school for the students. Fees are required to be paid at the beginning of the school year. If student fees present an undue hardship, arrangements should be made with the principal or her/his designee at the beginning of the school year. Records of unpaid fees are kept from year to year in the student’s permanent record. All fees must be paid before a student may receive their report cards, transcripts or a diploma.

FIELD TRIPS
Field trips are academic activities that are held off school grounds. There are also other trips on and off school campus that are part of the School’s co-curricular (elementary/middle school participation) and extra-curricular program. No minor student may participate in any school sponsored trip without parental consent and a current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips.
- While the District encourages students to participate in field trips, alternative assignments will be provided for students whose parent does not give permission to attend.
- Misbehavior on a previous trip during the current school year will result in no field trips for that student for the remainder of the school year.
- Students who are suspended during the semester or have 3 or more days of ISD may be ineligible for any field trip.
• Students are required to obtain any missed assignment IN ADVANCE from their teachers and have the work completed upon their return the next class period.
• Any student with excessive absences from school and/or having one or more F(s) in classes will be ineligible for the schedule field trip. A list of student names must be sent to the Principal for approval 1 week before the scheduled trip.

FOOD ALLERGIES
Food Allergies can be life threatening. The risk of accidental exposure to foods can be reduced in the school setting if schools work with students, parents, and physicians to minimize risks and provide a safe educational environment for food-allergic students.
• Notify the school of the child’s allergies.
• Work with the school team to develop a plan that accommodates the child’s needs throughout the school including in the classroom, in the cafeteria, in after-care programs, during school-sponsored activities, and on the school bus, as well as a Food/Allergy Action Plan.
• Provide written medical documentation, instructions, and medications as directed by a physician, using the Food Allergy Action Plan as a guide. Include a photo of the child on written form.
• Provide properly labeled medications and replace medications after use or upon expiration.
• Educate the child in the self-management of their food allergy including

GUIDANCE SERVICES
Guidance services are available for every National Trail student. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study helps, help with home, school and/or social concerns, or any question the student may feel should be discussed with the counselor.

ILLNESS AT SCHOOL
Students who become ill during the school day should report to the office with a signed pass. The office will then send the student to the clinic. The nurse will contact the parent if deemed necessary for student dismissal. Students not dismissed by the nurse will be considered ok to return to class.

INCOMPLETES
All work must be completed within 10 school days of the end of the 9 weeks. After the 10th day all missing assignments will be changed to a “0”. It is the student’s responsibility to verify their final grade with the teacher.

INDIVIDUALS WITH DISABILITIES
The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but all individuals who have access to the District’s programs and facilities. A student can access special education services through the proper evaluation and placement procedure. Parent involvement in this process is required. More importantly, the School wants the parent to be an active participant. To inquire about programs, a parent should contact the school. Each staff member is accountable for advancing student achievement by helping every student reach his or her optimal level of success. National Trail Local Schools will require reliable and accurate data to foster achievement for every student. When a student requires intervention, parents will be provided with the amount of student data that will be collected, strategies for increasing the child’s rate of learning, and the general services that will be provided. Intervention is sometimes a process of longer duration than a few months, even lasting multiple school years.
Any parent who feels that intervention is not making sufficient progress for their student has the right to request a full evaluation for special education services.

**INTERVENTION PERIOD**

Intervention period is a time where students can obtain additional academic instruction from teachers and to meet for non-academic/extracurricular activities. During this period, students are NOT allowed to be on their cell phones. If a student needs to leave their assigned intervention class to gain academic assistance, they need to get prior approval before intervention. At the start of Intervention, students are not allowed to leave the class until 12:27 pm and must be back to their Intervention by 1:00 pm.

**LOCKERS**

Each student will be assigned a locker. Students are to use only the lockers that are assigned to them. Lockers are to be kept clean and locked at all times. School lockers are the property of the National Trail Local Board of Education and are maintained as a place for students to safely keep their belongings.

General searches on school property may be conducted at any time by school authorities when there are reasonable grounds to fear for the welfare or safety of the school community. There shall be reasonable causes for school authorities to believe that the possession of certain items constitute a rule violation or a crime. **O.R.C. 3313.20 (C)**

**MEDICATION**

All medication must be dispensed with permission of the school nurse. Students are not permitted to carry any type of medication on their person or in their lockers during the school day. This includes but is not limited to such medicines as aspirin, Tylenol, Ritalin, or any prescription drugs. Students who do not follow these rules are guilty of possession or trafficking (if given to another student). Inhalers may be carried by the student providing a physician’s note is on file with the school nurse.

**NON-SCHOOL RELATED FUNDRAISERS**

Students are not to sell or trade any items of any kind nor ask for donations for any non-school sponsored organization unless permission is granted by the school administration.

**OFFICE TELEPHONE**

Office telephones may not be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school. Students are not to use classroom phones without approval of the teacher.

Voice Mail – All teachers have voice mail and telephone in their classroom. Do not hesitate to call a teacher when questions arise. Check the voice mail listings in this handbook.

**PASSES**

If a student needs to leave the classroom and has staff approval, he/she must have a green hall pass or pick Intervention pass to be in the halls.

**DUAL ENROLLMENT (CCP)**

Any High School student may enroll in a dual enrollment program provided they meet the requirements established by the district. Any interested student should contact the guidance
department to obtain the necessary information. Involvement in the dual enrollment program requires a great amount of time, organization, and responsibility. By choosing to participate in this program the student and parent(s) assume the responsibilities for completing college course requirements and meeting National Trail graduation requirements.

- **If the course is dropped after ‘drop-by date’ established by the university or college or failed, student/parent is responsible for all costs.**
- CCP Courses may only be taken through an Ohio college or university.
- Dual Enrollment Courses may be taken at any National Trail approved college or university
- The number of college courses allowed is determined by number of high school courses taken by that student during the academic year.

- Transcript of completed college courses must be received by guidance counselor prior to graduation date for seniors.
- College grades ARE shown on a NT student transcript and are factored into GPA as a weighted grade.
- College grades are factored into GPA when the college course is completed.

All students must notify the high school administration or guidance counselor by March 30th of their intent to participate in the Dual Enrollment program. Students who do not meet the program requirements will not receive written permission to participate.

**SCHEDULE**

Schedules are provided to each student at the beginning of each school year or upon enrollment. Any change in a student’s schedule should be handled through the guidance office. Students may be denied course enrollment due to lack of available space or the need for the student to pass prerequisite courses. Parents, students, instructors, and/or building administrators may request a schedule revision. The person(s) requesting the revision must submit the proposal to the Guidance Office in writing. The request will be kept on file in the student’s cumulative folder. Schedule changes requested by students or parents may be made only during the first week of each semester and will require a parent signature. Changes made after the first week of each semester will require both teacher and administrative approval.

**SCHOOL CLOSING/Delay**

In the event of inclement weather, please turn to one of the major radio or TV stations for school information. If weather conditions dictate and that National Trail Schools are closed, this will be indicated. The schools will also make-use of the automated phone system to alert parents of delays or cancellations. If more than five (5) calamity days are utilized during the school year, e-days will be used on days six (6), seven (7) and eight (8) for instructional purposes. After day eight (8), any day missed will be made-up on board approved dates listed on the district calendar.

**STUDENT AIDES**

High school students are permitted to serve as a student aid for no more than **one block** to assist teachers, staff, and /or office personnel. Only one student aid is permitted per teacher, each day, unless the building administrator grants approval for additional aides.
Students must remain under the direct supervision of the teacher at all times. Student aides are always to conduct themselves in a courteous and respectful manner towards staff and visitors. Any correspondence delivered during the class period should be provided to the teacher for distribution. Failure to secure this authorization may result in charges of trespassing. Students also are not allowed to have lunch visitors.

**WITHDRAWAL AND TRANSFER PROCEDURE**

A student who is withdrawing from school must report to the appropriate building administrator or office on or before the morning of her/his last day of attendance. A parent signature is required (if under age 18) on the withdrawal form. **All bills, fines and school fees must be paid in full prior to withdrawal. Failure to do so will result in transcripts being held until payment is final**

Parents are not permitted to hand carry a student's records to another school. The parent must sign the Transfer Form at the school to which the child is being transferred, that school will then request and we will transfer the child's school records by mail.

Students under the age of 18 who withdraw must be re-enrolled in another school within two weeks time (pursuant to O.R.C. 3321.13 (B) (1)). Failure to do so results in the superintendent notifying the Judge of the Juvenile Court and the Bureau of Motor Vehicles.

1. A divorce or change in custody does not change the rights of a natural parent to their child’s records.

2. A non-custodial parent may request and receive a copy of the child’s report card, the permanent record, and the opportunity to hold a teacher conference. Only the custodial parent has the right to make educational decisions requested by the school.

3. Step-parents have no rights to records, reports or conferences unless these rights are conferred on them by the custodial parent.

SAFETY PROCEDURES

FIRE DRILLS

Fire drills are required by law and are an important safety precaution. A fire evacuation plan is posted in each room. Students should study the Fire Drill plan in each room where he or she attends class and become familiar with it. When the fire alarm sounds, students should exit the building quietly, quickly, and orderly, as previously instructed by their teacher, and should report to the designated meeting point, away from the building. Running is not permitted. The first students to reach an outside door are to hold it open until all have left the building. Students should refrain from talking while exiting the building and until attendance and instruction are given and are to remain at least fifty feet away from the building until the signal is given to reenter. No one is to return to the building until permission is given by the principal/designee.

TORNADO DRILLS

Tornado drills are required by law and are an important safety precaution. A tornado drill
procedure is posted in each room. Students are to go to the designated area quickly but do not run. Students are to stay quiet at all times and listen for directions.

**LOCK DOWN DRILLS**
Lock down drills have been established by the administration of National Trail Schools to train students to respond in emergency situations.

**AUDIBLE OUTSIDE WARNING**
When weather is an issue and students are outside, an Outside Threat Warning Recognition System is in place. When students hear 3 blasts of an air horn, students are to take immediate shelter in the designated safe location.

**DISTRICT INTERNET USE (Acceptable Use Policy)**
The acceptable use policy will serve as a contract between the National Trail Schools and the students or any other persons for the purpose of network and Internet access, and computer use. This electronic network includes access to inter-connected computer systems in the district and inter-connected computer systems on a worldwide basis, with availability of services such as e-mail and web sites. The intent of the contract is to insure that the user will comply with the rules and regulations relating to the use of the district networks and the Internet.

Parents, students, and staff should be aware that materials available through the Internet are constantly changing. The Internet reflects the values of a global society, and may provide access to sites, which would be considered inappropriate in a school library or classroom setting. The National Trail Schools firmly believe that the educational benefits available to members of our school district offset the possibility that a user may procure materials, which would not be consistent with the educational goals of the district. It is the responsibility of each user to control her/his use of the system to avoid access to or use of inappropriate material. Students should be aware of district procedures dealing with unsuitable material.

The District has implemented technology-blocking measures to prevent access to inappropriate materials or materials considered to be harmful to minors. The District has access to monitoring devices which maintain a running log of all Internet activity, recording which sites a have been visited and from what device. School devices taken off campus are the responsibility of parents/guardians to monitor.

Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor the signed handbook forms and/or user agreements.

Network administrators may review user files and communications to maintain system integrity and user responsibility. Users should not expect that files stored on district servers would be private.

**STUDENT’S RIGHTS AND RESPONSIBILITIES**
The use of the district network resources is a privilege, not a right, and may be revoked by the district or school administration at any time. This privilege is given to students who agree to act in a considerate and responsible manner. Students who are specifically authorized to use the District’s computers or on-line services shall comply with the following guidelines and procedures:

1. **ACCEPTABLE USE:** access to the electronic network is made available for the purpose of supporting educational research, education and collaboration in and among educational institutions in the United States and elsewhere. All network usage must be consistent with
these purposes and the terms of the Acceptable Use Policy.

2. **USES NOT ACCEPTABLE:** unacceptable use is defined by, but is not limited to, the following:
   a. violating the conditions of State and Federal law dealing with students' and employees' rights to privacy, including unauthorized disclosure, use and dissemination of personal information;

   g. "hacking" or gaining unauthorized access to other computers or computer systems, or attempting to gain such unauthorized access;
   h. accessing and/or viewing inappropriate material and
   i. downloading of freeware or shareware programs.

3. **VANDALISM:** Vandalism includes, but is not limited to:
   a. Intentionally and without authorization, entering into restricted networks.
