Good evening National Trail Community.

As you are hopefully aware, Governor Mike DeWine held a press conference this afternoon and listed several recommendations in regards to the current coronavirus epidemic that is facing our state.

At this time, Governor Dewine has recommended that public schools STAY OPEN but should come up with a plan of action if we need to close.... National Trail Schools is currently working on a potential action plan that would allow us to offer class options if we needed to close schools for any length of time. More information will be communicated on this situation as details become available.

In the meantime, we simply ask that if a student is not feeling well...that they stay home from school until they are well enough to return. Please be sure to follow the proper communication chain for ALL absences.

In addition, National Trail is being diligent with the cleaning of frequently touched surfaces (e.g., doorknobs, desks, light switches, countertops) and we are working with our students to review proper hygiene skills, in particular, washing hands and being proactive to ensure we are doing our best to keep a clean environment.

As the situation continues to evolve, we will keep our families up-to-date with the latest information.

As always, safety is our first and most important priority! If you have any questions, please feel free to contact the office or me directly with any questions.

Thanks!
Bob Fischer

Mr. Fisher,

I 100% agree with what the school is asking however, are the parents going to be reprimanded for keeping their children home from school if they are faced with this situation? I ask this because despites doctor letters or a call in because my child has a temperature and/or ill, after so many the parent(s) will receive a letter of threat /warning for allowing the child to miss x amount of days of school. And from experience with this letter, due to doctors appointments, illness, etc., these letters contain threats/warnings to the parents of possible legal issues. Speaking for myself, I will still keep my child home if she needs to be kept home but, some parents may need that reassurance that they will not be threatened if they do what you ask, and may feel forced to send their child to school when there should be concern for them not do so. Can you please advise us parents as to what steps and actions you have in place on this matter?

Emma Casteel

Good afternoon I know you're probably flooded with emails I just left a message on your school phone. I missed the one call this afternoon because I don't have my old phone number I was just wondering if you could send that information through email or call one of the numbers I left on your voicemail. Thank you so much. My children are Aaron Wooton and Wriley Wike

Emma,

Thank you for your email and taking time to voice your concerns.

At this point, the state has not given the schools any new directives on how to address the attendance issue other than how we are currently required to address this topic. While I fully understand your concern, until we hear otherwise, schools are bound by the attendance laws of the State of Ohio and are required to follow the statues of House Bill 410 that was put into place at the start of the 2017-2018 school year.

At this time, the only advice that I can offer parents would be to make sure that if your child misses school due to illness for any period of time, that they follow the NT attendance policy that I included within this email.

Please let me know if you have any additional questions.

Thanks,
Bob Fischer

Barbie,

Below, please find the information that I sent via one call and email last night...

Please let me know if you have any additional questions..... I will make sure your contact information is up to date in one call.

Thanks,
Bob

Good evening National Trail Community.

As you are hopefully aware, Governor Mike DeWine held a press conference this afternoon and listed several recommendations in regards to the current coronavirus epidemic that is facing our state.

At this time, Governor Dewine has recommended that public schools STAY OPEN but should come up with a plan of action if we need to close.... National Trail Schools is currently working on a potential action plan that would allow us to offer class options if we needed to close schools for any length of time. More information will be communicated on this situation as details become available.

In the meantime, we simply ask that if a student is not feeling well...that they stay home from school until they are well enough to return. Please be sure to follow the proper communication chain for ALL absences.

In addition, National Trail is being diligent with the cleaning of frequently touched surfaces (e.g., doorknobs, desks, light switches, countertops) and we are working with our students to review proper hygiene skills, in particular, washing hands and being proactive to ensure we are doing our best to keep a clean environment.

As the situation continues to evolve, we will keep our families up-to-date with the latest information.

All,

I received this email today and here are the up to date numbers:

Cell - 937-343-6749

Work - 937-836-8010

I'm assuming mom will need to change the numbers on Final Forms? Please advise mom on what needs to be done or be sure that the information is correct.

Thanks,

Bob
