Student Expulsion

At times, the behavior of a student can be considered so serious as to justify total removal from the educational program for a prolonged period of time. Actions meriting expulsion are outlined in the student code of conduct. A student cannot be expelled from school solely because of unexcused absences. When an employee has actual knowledge that the behavior is sexual harassment, the Title IX Coordinator must be contacted. The Title IX sexual harassment grievance process will be followed, if applicable, prior to imposing any discipline that cannot be imposed without resolution of the Title IX process.

Only the Superintendent may expel a student. Expulsion is the removal of a student for more than 10 days, but not more than one year. An expulsion can extend beyond the end of the school year if there are fewer school days than expulsion days remaining. The Superintendent may apply any remaining part or all of the period of the expulsion to the following school year.

The Superintendent may require a student to perform community service in conjunction with or in place of an expulsion. The Board may adopt guidelines to permit the Superintendent to impose a community service requirement beyond the end of the school year in lieu of applying the expulsion into the following school year.

Whenever possible, principals will consult with a mental health professional under contract with the District or school prior to expelling a student in grades pre-K through three. If needed, the principal or mental health professional will assist the student's parent in locating additional mental health services.

Beginning with the 2019-2020 academic year, the District will reduce the number of expulsions for non-serious offenses, as defined by State law, for students in grades pre-K through three in accordance with State law. Such expulsions will be eliminated by the 2021-2022 school year.

The Superintendent shall give the student and parent(s) written notice of the intended expulsion, including reasons for the intended expulsion. The student and parent(s) or representative have the opportunity to appear on request before the Superintendent/designee to challenge the action or to otherwise explain the

student's actions. This notice shall state the time and place to appear, which must not be fewer than three days nor more than five days after the notice is given.

Within 24 hours of the expulsion, the Superintendent shall notify the parent(s) of the student and the Treasurer.

The notice shall include the reasons for the expulsion, the right of the student or parent(s) to appeal to the Board or its designee, the right to be represented at the appeal and the right to request that the hearing be held in executive session.

The Superintendent will initiate expulsion proceedings against a student who has committed an act that warrants expulsion even if the student withdraws from school before the Superintendent has held the hearings or made the decision to expel the student.

Permanent Exclusion

If the offense is one for which the District may seek permanent exclusion, the notice shall contain that information.

Appeal to the Board

A student or a student's parent(s) may appeal the expulsion by the Superintendent to the Board or its designee. The expulsion appeal must be within 14 calendar days after the notice of intent to expel was provided to the student, parent, guardian or custodian. The appeal request shall be in writing to the Treasurer and at the request of the student or of the student's parent(s) or attorney, the meeting may be held in executive session. The student may be represented in all such appeal proceedings and is granted a hearing before the Board or its designee. All witnesses are sworn and a verbatim record is kept of the hearing. The decision of the Board shall be acted upon at a public meeting. The student may be excluded from school during the appeal process.

Appeal to the Court

Under State law, the decision of the Board may be further appealed to the Court of Common Pleas.

Any student who is expelled from school for more than 20 days or into the following semester or school year is referred to an agency that works towards improving the student's attitudes and behavior. The Superintendent provides the student and his/her parent(s) with the names, addresses and telephone numbers of the public and private agencies providing such services.
