NTLS Annual Technology Notice

Dear Parents and Students:

This letter serves as the district's Annual Technology Privacy Notice consistent with Ohio Revised Code Sections 3319.325 -.327.

Internet Use

National Trail Local Schools uses the Internet as part of its curriculum and instruction in every grade level. A complete list of websites and their uses is maintained on the [district website](#). This list only includes internet locations that require students to log in for their educational use.

General Monitoring of School-Issued Devices

Please keep in mind that NTLS monitors school-issued devices. The monitoring includes location tracking, student interactions, and web-browsing activity. NTLS monitors these features for the noncommercial, educational purposes of instruction, technical support, and exam proctoring. Additionally, these features are monitored as a necessary precaution for preventing and/or responding to threats to life or safety.

If you have any questions or concerns regarding this policy or the complete list of websites, please email me at bpool@nationaltrail.us.

Respectfully,
Brian A Pool
Technology Coordinator
National Trail Local School District
