National Trail Local Schools Mission and Vision Statements

NTES

Our mission is to create a safe, positive learning environment and a strong school culture where students feel valued and inspired to grow. We achieve this through partnerships with families and the community, collaborative teaching, and effective instructional practices that empower every student to succeed.

NTMS

Our mission is to foster a safe, inclusive, and engaging learning environment where all students feel valued and supported. Through high academic expectations, meaningful relationships, and targeted support, we empower students to take ownership of their learning, think critically, and grow socially and emotionally while developing confidence, belonging, and a love of learning.

NTHS

Our mission is to empower independent, critical thinkers for success in the real world through rigorous academics, innovative problem-solving, and strong community partnerships.

District Vision

Our vision is to be a district where every student, regardless of background or need, experiences rigorous core instruction, timely interventions, and a safe, supportive culture that ensures growth, belonging, and post-school success.
